25 GB. Only one picture to show, but I think it's ok. This folder is called "moss_original". You can see the pictures there. To download the file you need to have a browser that supports HTML5 and a flash player, like Opera, Chrome, Firefox etc. The file is a zip file so you will need the archive extension to download it. If you don't know how to download, I will paste the link.

Abrashky - The product that you can see in the picture above has been made for the price of \$1355.00 (R4000). It is a Heavy Duty Tool Made for the Professional Surgeon. With our 40 years experience in the Medical Equipment Industry we have developed a production line that has a unique combination of quality, value for money, durability, maintenance-free, reliability, accuracy and a full feature a full feature. Surgeons are busy people and have a hectic schedule. They want to maximise their time with the patient and not think about their tools. It can not be stressed enough that this is not a DIY job. Our design and craftsmanship is outstanding. Any kind of repair, any kind of problem is always a potential disaster. Abrashky was designed from the ground up to be a single, double action, hydraulically operated, quick opening, reversible, maintenance free, surgical pliers. It is designed to be taken apart and taken apart quickly. Abrashky surgical pliers are available in a wide range of lengths to suit the individual surgeon's needs. These are the top priority in a surgical pliers. They feature a forward facing jaw, making the pliers more comfortable and stabilising the grip. All jaws are also angled forward for a natural grip. Tooth size is adjustable, up to a size of 7/8 inch. Maintenance free - they do not rust, there are no hinge pin, adjustment mechanism or accessories that wear out. Double action - the hammer is triggered by the hydraulic fluid in the handles to make sure there is an impact to all the parts. The upper jaw is reversible for two handed operation. All surgical pliers have a Teflon coated serrated jaw, so there is no danger of slipping or dragging the skin, and they are extremely non-slip. 82157476af
